SUNY Innovative Instruction Technology Grant 2013

- \$11,500 for programming by outside contractor
- \$6,500 in match and in-kind from IDS and Geneseo

The bad news:

- Original contractor doubled agreed upon price
 - Spent time finding a new contractor
 - Behind schedule but catching up (only backend works so far)
- Front end is a disaster at the moment...

The good news:

- Should be completed by January, 2015
- IDS libraries will be linked through an IDS Consortial Group
- Will be freely available to all IDS libraries
- Bill Jones will be handling the CSS and HTML for GDM Online

Getting It System Toolkit
